# Day 1: Scale-Ups Meet Investment

**Day 1** focuses on **growth** and provides insight into the capital needed to accelerate and grow, the skills needed to effectively scale and the know-how to take your business to the next level.

Hear from Europe's current and future unicorns as they share their insights on what it takes to succeed in today's environment.

The people are dressed in business attire and appear to be engaged in conversation, with some holding glasses. The lighting is dramatic, with strong shadows cast across the floor.

## Day 2: Global LP-GP connections made easier

The first day is designed exclusively for investors and investment consultants across the world to gather insights on trends, opportunities and other developments in the European market.

The forum will feature a mixture of presentations and panel discussions on topics such as investment strategy, regional and sector specialisation, fund performance and the changing appetite and needs of investors. Specialist roundtables and one-on-one meetings are also core features of the event.

# Hotel Warszawa - Networking Venue

Join us at an exclusive Networking Party in Hotel Warszawa, one of the most important representatives of Polish interwar architecture.

It became an important symbol of the Warsaw revival after the war. Towering majestically above the capital, visible from a distance of up to 20 km. Its modern steel and reinforced concrete construction was the answer to the strong and dynamic urbanization of the Warsaw agglomeration and proof of the mastery of pre-war engineering. Today, it is one of the most modern hotels in Poland.
